The Virginia Association of Chiefs of Police is pleased to be able to offer **2-day or 4-day Child Safety Seat Trainings**. Law enforcement personnel will learn how critical their role is in promoting child passenger safety; they will enhance their knowledge of the resources available and become more effective safety advocates, as well as enforcers.

Successful completion of the **2-day Operation Kids Class** will enable officers to:

- ◆ provide awareness and education on child passenger safety issues.
- ◆ install child safety seats.

Successful completion of the **4-day NHTSA Class** will enable officers to:

- ◆ be certified as a Child Passenger Safety Technician by SafeKids (for a separate \$60.00 fee).
- ◆ provide awareness and education on child passenger safety issues.
- ◆ participate in or conduct child safety seat installation clinics and act as a Senior Checker.
- ◆ instruct the 2-day Operation Kids Class.

If you would like to host a training or send staff to be trained, please fill out and send in this application. If you would like additional information, please contact Bob Wall, VACP Traffic Safety Program Manager at (703) 304-9771.
